RELIABILITY ENGINEERING FOR BEGINNERS

Training Course Workbook

WORKBOOK CONTENTS

The Human Factor.....	2
Module 1 Activity 1 – Failure Distribution Curve.....	4
Module 1 Activity 2 – Identifying Failure Sources.....	5
Module 1 Activity 3 – Cumulative Failure and Reliability Plots.....	7
Module 1 Activity 4 – Failure Distribution and Weibull Plot.....	8
Module 1 Activity 5 – Separate Failure Mode Distribution Plots.....	9
Module 1 Activity 6 – Conveyor Failures Timeline	10
Module 1 Activity 7 – Conveyor Reliability.....	11
Module 1 Activity 8 – Pump Reliability Improvement Business Case.....	12
Module 1 Activity 9 – Risk Ranking	13
Module 2 Activity 10 – Equipment FMECA	15
Module 2 Activity 11 – Benefits of Maintenance	16
Module 3 Activity 12 – Fishbone Diagram.....	17
Module 3 Activity 13 – “Is” – “Is Not” Analysis	18
Module 3 Activity 14 – Do a 5-WHY Analysis.....	19
Module 3 Activity 15 – Continuous Improvement	21
Module 3 Activity 16 – 3T Error Proofed Work Procedure.....	22
Module 3 Workplace Activity – Justify Reliability Improvement.....	25
